24 January 1978

MEMORANDUM FOR: [REDACTED]

FROM: Acting NIO for Nuclear Proliferation

SUBJECT: Proposed Topic for Presidential Briefing

[REDACTED]

Argentina's Nuclear Program: Progress and Prospects. The NSC Staff (J. Tuchman) is expected to request shortly a paper on this subject\* covering Argentina's intentions concerning the Tlatelolco Treaty, safeguards, high explosives purchases, and its desire to provide Peru with a reactor and US-origin fuel. I think the paper (which ORPA and OSI will develop jointly) might be a good base on which to build a Presidential briefing. Given that a new US initiative on nuclear issues toward Argentina apparently is in the works, an end-February Presidential briefing on the topic might be just the right timing.
